Development Activity

During the quarter, we completed the transformation of King of Prussia, serving the Greater Philadelphia region, which includes the completion of a 155,000 square foot expansion that connects the Plaza and the Court. The expansion adds 50 new retail and dining storefronts and increases the mall's footprint to 2.6 million square feet, further elevating this top retail attraction and the second-largest shopping center in the United States.

In the fourth quarter, we will open two significant new development projects:

- On October 27th, Clarksburg Premium Outlets will open with 392,000 square feet of high-quality, name brand stores. Simon owns a

66% interest in this center.

- On November 3rd, the 500,000 square foot retail component to Brickell City Centre in Miami, Florida will open. Simon owns a 25% interest in this center. Simon will lease and manage this center.

Construction continues on six other new development projects scheduled to open in 2017, including:

At quarter-end, redevelopment and expansion projects, including the addition of new anchors, were underway at 32 properties in the U.S. and Europe. Simon's share of the costs of all new development and redevelopment projects under construction at quarter-end was approximately \$1.9 billion.

Acquisitions

In September 2016, we were part of a consortium that completed the acquisition of the global trend-focused apparel and accessories brand, Aéropostale.

During the first nine months, we closed or locked rate on 25 new mortgage loans totaling approximately \$4.0 billion, or the non-U.S. dollar equivalent thereof, of which Simon's share is \$2.8 billion. The weighted average interest rate and term on these loans is 3.65% and 9.5 years, respectively.

As of September 30, 2016, Simon had over \$6.5 billion of liquidity consisting of cash on hand, including its share of joint venture cash, and available capacity under its revolving credit facilities.

We also use these measures internally to monitor the operating performance of our portfolio. Our computation of these non-GAAP measures may not be the same as similar measures reported by other REITs.

We determine FFO based upon the definition set forth by the National Association of Real Estate Investment Trusts ("NAREIT"). We determine FFO to be our share of consolidated net income computed in accordance with GAAP, excluding real estate related depreciation and amortization, excluding gains and losses from extraordinary items, excluding gains and losses from the sales or disposals of, or any impairment charges related to, previously depreciated retail operating properties, plus the allocable portion of FFO of unconsolidated joint ventures based upon economic ownership interest, and all determined on a consistent basis in accordance with GAAP.

We have adopted NAREIT's clarification of the definition of FFO that requires it to include the effects of nonrecurring items not classified as extraordinary, cumulative effect of accounting changes, or a gain or loss resulting from the sale or disposal of, or any impairment charges relating to, previously depreciated retail operating properties. We include in FFO gains and losses realized from the sale of land, outlot buildings, marketable and non-marketable securities, and investment holdings of non-retail real estate. However, you should understand that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income determined in accordance with GAAP as a measure of operating performance, and is not an alternative to cash flows as a measure of liquidity.
