RISK FACTORS

Your investment in the notes involves certain risks. In consultation with your own financial, tax, accounting and legal advisers, you should carefully consider, among other matters, the risk factors set forth below as well as the risk factors discussed in our most recent [annual report on Form 10-K](#) and our most recent quarterly report on Form 10-Q, which are incorporated by reference into this prospectus supplement and the accompanying prospectus, before deciding whether to make an investment in the notes. The realization of any of the matters referenced in such risk factors could have a material adverse effect on our business, financial condition, liquidity, results of operations and prospects.

The notes are effectively subordinated to all our existing and future secured debt and the liabilities and any preferred equity of our subsidiaries.

The notes are not secured by any of our assets and therefore are effectively subordinated to all our existing and future secured debt. If we become insolvent or are liquidated, or if payment of any of our secured debt is accelerated, the holders of that secured debt will be entitled to exercise the remedies available to secured lenders under applicable law, including the ability to foreclose on and sell the assets securing such debt to satisfy such debt. In any such case, our remaining assets may be insufficient to repay the notes.

Because we operate a significant portion of our business through subsidiaries, we derive revenues from, and hold assets through, those subsidiaries. In general, these subsidiaries are separate and distinct legal entities. These subsidiaries will have no obligation to pay any amounts due on our debt securities, including the notes, or to provide us with funds for our payment obligations, whether by dividends, distributions, loans or otherwise. Our right to receive any assets of any subsidiary in the event of a bankruptcy or liquidation of the subsidiary, and therefore the right of our creditors to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors, and any preferred equity holders of that subsidiary, in each case to the extent that we are not recognized as a creditor of such subsidiary. In addition, even where we are recognized as a creditor of a subsidiary, our rights as a creditor with respect to certain amounts are subordinated to other indebtedness of that subsidiary, including secured indebtedness to the extent of the assets securing such indebtedness.

Assuming we had completed the offering of the notes on March 31, 2020, the notes would have been effectively subordinated to \$6.886 billion of total consolidated mortgage debt outstanding on such date to the extent of the assets securing the same. At such date, our subsidiaries had no unsecured indebtedness, other than €1.250 billion (approximate USD equivalent of \$1.375 billion) of notes issued by a subsidiary to fund certain of our European operations and \$125.0 million issued under our \$3.5 billion senior unsecured revolving credit facility relating to our operations in Puerto Rico, each of which is guaranteed by us and reflected in our consolidated indebtedness.

The notes restrict, but do not eliminate, our ability to incur additional debt or take other action that could negatively impact holders of the notes.

Subject to specified limitations in the indenture and as described under "Description of Notes—Covenants—*Limitation on Debt*" and "Description of Notes—Covenants—*Merger, Consolidation or Sale*" in this prospectus supplement, the indenture does not contain any provisions that would limit our ability or the ability of our subsidiaries to incur indebtedness or that would give holders of the notes protection in the event of: a highly leveraged or similar transaction involving us or any of our affiliates; a change of control; or a reorganization, restructuring, merger or similar transaction involving us or any of our affiliates that may adversely affect the holders of the notes. Restrictions on the ownership and transfer of the shares of common stock of Simon Property designed to preserve its qualification as a REIT, however, may prevent or hinder a change of control.

There is no current public market for the notes.

The Notes and the Notes will each be a new issue of securities for which there is currently no trading market. Although the 2025 Notes offered hereby will become part of the same series as the Existing 2025 Notes, we cannot assure you that there will be an active trading market for the 2025 Notes. We do not intend to apply for listing of the notes of any series on any securities exchange or for inclusion of the notes of any series in any automated quotation system. We cannot guarantee:

- any trading market for any series of notes will develop or be maintained;
- the liquidity of any trading market that may develop for any series of notes;
- your ability to sell your notes when desired or at all; or
- the price at which you would be able to sell your notes.

Liquidity of any trading market for, and future market prices of, the notes of each series will depend on many factors, including:

- prevailing interest rates;
- our operating results and cash flows;
- credit rating or outlook changes; and
- the market for similar securities.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future, which could have an adverse effect on the market prices of the notes.

The ongoing novel coronavirus (COVID-19) pandemic and governmental restrictions intended to prevent its spread, as well as other future epidemics, pandemics or public health crises, could have a significant negative impact on our business, financial condition, results of operations, cash flow and liquidity and our ability to access the capital markets, satisfy our debt service obligations and make distributions to our shareholders.

The COVID-19 pandemic has already had a significant negative impact on economic and market conditions around the world in the first half of 2020 and continues to adversely impact economic activity in retail real estate. The impact of the COVID-19 pandemic continues to evolve and governments and other authorities, including where we own or hold interests in properties, have imposed measures intended to control its spread, including restrictions on freedom of movement, group gatherings and business operations such as travel bans, border closings, business closures, quarantines, stay-at-home, shelter-in-place orders, density limitations and social distancing measures. Governments and other authorities are in varying stages of lifting or modifying some of these measures. However, given the differing consumer demographics and responses to the pandemic and the characteristics and layout of certain properties, the impact of COVID-19 and these measures has been, and will continue to be, greater on some properties more than others. Certain governments and other authorities have already been forced to, and others may in the future, reinstitute these measures or impose new, more restrictive measures, if the risks, or the tenants and consumers' perception of the risks, related to the COVID-19 pandemic worsen at any time. While severe and persistent, the precise long-term impacts of the COVID-19 pandemic on our businesses, results of operations and financial condition cannot be reasonably estimated at this time.

As of March 31, 2020, we owned or held an interest in 204 income-producing properties in the United States located in 37 states and Puerto Rico. Internationally, as of March 31, 2020, we had ownership interests in 30 properties primarily located in Asia, Europe and Canada and have two

international outlet properties under development. We have an interest in a European investee that has interests in ten Designer Outlet properties, as more fully described in our most recently filed Annual Report on Form 10-K. As of March 31, 2020, we also owned a 22.4% equity stake in Klépierre SA, or Klépierre, a publicly traded, Paris-based real estate company, which owns, or has an interest in, shopping centers located in 15 countries in Europe.

Demand for retail space and the profitability of our properties depends, in part, on the ability and willingness of tenants to enter into and perform obligations under leases. On March 18, 2020, after extensive discussions with federal, state and local officials and in recognition of the need to address the spread of COVID-19, we closed all of our retail properties in the United States. As of March 31, 2020, all of our domestic properties, certain of our retail investments and certain international properties were temporarily closed. We are reopening retail properties in markets where local and state closure mandates have been lifted and retail restrictions have eased. As of June 30, 2020, we have fully reopened 199 of our 204 retail properties in the United States with social distancing measures impacting the number of visitors who can be at a property. In addition, a number of tenants have not re-opened at these properties and we do not have certainty that all of them will re-open. In addition, even after certain restrictions intended to prevent the spread of COVID-19 are lifted or reduced, the willingness of customers to visit our properties is likely to be reduced and our tenants' businesses are likely to be adversely affected, particularly those located inside enclosed malls located in densely populated urban areas, based upon many factors, including whether the number of COVID-19 transmissions is materially reduced, a vaccination which prevents or reduces the severity of COVID-19 becomes readily available, or a cure or treatment is identified and becomes readily available. Further, demand could remain reduced due to heightened sensitivity to risks associated with the transmission of COVID-19 or other associated diseases. In addition, some of our properties are located at or within a close proximity to tourist destinations and these properties and our tenants' businesses are therefore heavily and adversely impacted by reductions in travel and tourism resulting from travel bans or restrictions and general public concern regarding the risk of travel.

During the period of closure of all of our retail properties, we have experienced a significant reduction in cash rent collections, which may continue for an indeterminate period. As of June 30, 2020, a substantial amount of our lease income for the second quarter 2020 remained uncollected, and not subject to deferral or abatement arrangements, and accordingly we have experienced a substantial build-up of tenant receivables due to nonpayment. With respect to those tenants from whom we have not received payment we have been engaged in discussions with substantially all of them. We have agreed to deferral or abatement arrangements with a limited number of our tenants, resulting in rent deferrals with tenants representing less than 20% of our lease income for the second quarter 2020 (the vast majority of which we expect to receive over the course of the remainder of 2020 and 2021) and rent abatement with tenants representing a substantially lower percentage of our lease income for such quarter. Discussions with our tenants are ongoing and may result in further substantial rent deferrals, lease restructures, abatements and/or lease terminations, as we deem appropriate on a case-by-case basis based on each tenant's unique financial and operating situation.

In connection with rent deferrals (or other accruals of unpaid rent), although we will not receive cash rent payments as scheduled, if we determine that rent payments are probable of collection, we will continue to recognize lease income on a straight-line basis over the lease term and associated tenant receivables, which could be substantial, until the time of payment. However, if we determine that such deferred rent payments (or other accrued but unpaid rent payments) are not probable of collection, lease income will be recorded as the lesser of the amount that would be recognized on a straight-line basis or cash that has been received from the tenant, with any tenant receivable and deferred rent receivable balances charged as a direct write-off against rental income in the period of the change in our collectability determination. As a result, we may experience material impacts, including, but not limited to, changes in the ability to recognize revenue due to changes in the probability of collection

and reductions in rental income associated with write-offs of tenant receivable and deferred rent receivable balances. In addition, any rent abatements we have granted, and may potentially grant in the future, will be accounted for as negative variable lease consideration in the period granted thereby reducing lease income.

The impact of the COVID-19 pandemic on our business, financial condition, results of operations, cash flows, liquidity and ability to satisfy our debt service obligations and make distributions to our shareholders could depend on additional factors, including:

- the financial condition and viability of our tenants, and their ability or willingness to pay rent in full;
- state, local, federal and industry-initiated tenant relief efforts that may adversely affect landlords, including us, and their ability to collect rent and/or enforce remedies for the failure to pay rent;
- our ability to renew leases or re-lease available space in our properties on favorable terms or at all, including as a result of a deterioration in the economic and market conditions in the markets in which we own properties or due to restrictions intended to prevent the spread of COVID-19 that frustrate our leasing activities;
- a severe and prolonged disruption and instability in the global financial markets, including the debt and equity capital markets, all of which have already been experienced and which may continue to affect our or our tenants' ability to access capital necessary to fund our or their respective business operations or repay, refinance or renew maturing liabilities on a timely basis, on attractive terms, or at all and may adversely affect the valuation of financial assets and liabilities, any of which could affect our and our tenants' ability to meet liquidity and capital expenditure requirements;
- a refusal or failure of one or more lenders under our credit facility to fund their respective financing commitment to us may affect our ability to access capital necessary to fund our business operations and to meet our liquidity and capital expenditure requirements;
- a reduction in the cash flows generated by our properties and the values of our properties that could result in impairments or limit our ability to dispose of them at attractive prices or obtain debt financing secured by our properties;
- the complete or partial closure of one or more of our tenants' manufacturing facilities or distribution centers, temporary or long-term disruption in our tenants' supply chains from local and international suppliers and/or delays in the delivery of our tenants' inventory, any of which could reduce or eliminate our tenants' sales, cause the temporary closure of our tenants' businesses, and/or result in their bankruptcy or insolvency;
- a negative impact on consumer discretionary spending caused by high unemployment levels, reduced economic activity or a severe or prolonged recession;
- our and our tenants' ability to manage our respective businesses to the extent our and their management or personnel (including on-site employees) are impacted in significant numbers by the COVID-19 pandemic or are otherwise not willing, available or allowed to conduct work, including any impact on our tenants' ability to deliver timely information to us that is necessary for us to make effective decisions; and
- our and our tenants' ability to ensure business continuity in the event our or our tenants' continuity of operations plan is (i) not effective or improperly implemented or deployed or (ii) compromised due to increased cyber and remote access activity during the COVID-19 pandemic.

To the extent any of these risks and uncertainties adversely impact us in the ways described above or otherwise, they may also have the effect of heightening many of the other risks described under the section entitled "Part I, Item 1A. Risk Factors" of the Company's and the Operating Partnership's Annual Report on Form 10-K for the year ended December 31, 2019 and the section entitled "Part II, Item 1A. Risk Factors" of the Company's and the Operating Partnership's Quarterly Report on Form 10-Q for the quarter ended March 31, 2020.

Conditions that adversely affect the general retail environment could materially and adversely affect us.

Our concentration in the retail real estate market—our primary source of revenue is retail tenants—means that we could be materially and adversely affected by conditions that materially and adversely affect the retail environment generally, including, without limitation:

- levels of consumer spending, changes in consumer confidence, income levels, and fluctuations in seasonal spending in the United States and internationally;
- consumer perceptions of the safety, convenience and attractiveness of our properties;
- the impact on our retail tenants and demand for retail space at our properties from the increasing use of the Internet by retailers and consumers;
- the creditworthiness of our retail tenants and the availability of new creditworthy tenants and the related impact on our occupancy levels and lease income;
- local real estate conditions, such as an oversupply of, or reduction in demand for, retail space or retail goods, decreases in rental rates and declines in real estate values;
- the willingness of retailers to lease space in our properties at attractive rents, or at all;
- actual or perceived changes in national and international economic conditions, which can result from global events such as international trade disputes, a foreign debt crisis, foreign currency volatility, natural disasters, war, epidemics and pandemics, the fear of spread of contagious diseases, civil unrest and terrorism, as well as from domestic issues, such as government policies and regulations, tariffs, energy prices, market dynamics, rising interest rates, inflation and limited growth in consumer income;
- changes in regional and local economies, which may be affected by increased rates of unemployment, increased foreclosures, higher taxes, decreased tourism, industry slowdowns, adverse weather conditions, and other factors;
- increased operating costs and capital expenditures, whether from redevelopments, replacing tenants or otherwise;
- changes in applicable laws and regulations, including tax, environmental, safety and zoning; and
- the impact of the COVID-19 pandemic, and restrictions intended to prevent its spread, which were implemented through a combination of state, local and federal orders and regulations that were put in place with unprecedented speed and with no opportunity for citizens to challenge their legality.

Additionally, a portion of our lease income is derived from overage rents based on sales over a stated base amount that directly depend on the sales volume of our retail tenants. Accordingly, declines in our tenants' sales performance could reduce the income produced by our properties.

We face a wide range of competition that could affect our ability to operate profitably, including e-commerce.

Our properties compete with other forms of retailing such as pure online retail websites as well as other retail properties such as single user freestanding discounters (Costco, Walmart and Target). In

addition, many of our tenants are omni-channel retailers who also distribute their products through online sales. Our business currently is predominantly reliant on consumer demand for shopping at physical stores, and we could be materially and adversely affected if we are unsuccessful in adapting our business to evolving consumer purchasing habits. The increased popularity of digital and mobile technologies has accelerated the transition of a percentage of market share from shopping at physical stores to web-based shopping, and the ongoing COVID-19 pandemic and restrictions intended to prevent its spread have significantly increased the utilization of e-commerce and may, particularly in certain market segments, accelerate the long-term penetration of pure online retail which has been able to sell non-essential goods during the COVID-19 pandemic. Not only has the temporary closure of our retail properties and the restrictions put in place by state, local and federal officials caused consumers who otherwise would have purchased from retailers at our properties to increase their utilization of pure online retail websites, but consumers whose previous use of online retail was low or non-existent have recently turned to pure online retail as a necessity due to the inability to access our properties and the ability to purchase non-essential goods from these pure online retailers. Further, the increased utilization of pure online shopping, may lead to the closure of underperforming stores by retailers, which could impact our occupancy levels and the rates that tenants are willing to pay to lease our space.

Competition may also come from a variety of other retail formats, such as malls, outlet centers, community/lifestyle centers, and other shopping centers, both existing and future development and redevelopment/expansion projects, in addition to e-commerce. With the temporary closure of our retail properties and the restrictions put in place by state, local and federal officials preventing consumers from obtaining goods from our centers, we may be unable to draw these consumers back to our centers once properties are reopened and restrictions are lifted. The presence of competitive alternatives affects our ability to lease space and puts downward pressure on the rents we can charge our tenants. New construction, redevelopments and expansions at competing sites could also negatively affect our properties.

We also compete with other major real estate investors and developers for attractive investment opportunities and prime development sites. Competition for the acquisition of existing properties and development sites may result in increased purchase prices and may adversely affect our ability to make attractive investments on favorable terms, or at all. In addition, we compete with other retail property companies for tenants and qualified management.

Taubman Litigation

On June 10, 2020, Simon Property exercised its contractual rights to terminate its February 9, 2020 merger agreement (the "Merger Agreement") with Taubman Centers, Inc. and The Taubman Realty Group Limited Partnership (collectively, "Taubman"). Simon Property also filed an action in the Circuit Court for the 6th Judicial Circuit of Oakland County, Michigan (the "Court") against Taubman requesting a declaration that Taubman has suffered a material adverse effect under the Merger Agreement and has breached covenants and representations in the Merger Agreement and seeking damages for Taubman's breaches. If there is an adverse decision by the court and after exhaustion of all rights of appeal, we could be required to consummate the transactions under the Merger Agreement or pay damages, which could have a negative impact on our businesses, results of operations and financial condition.

USE OF PROCEEDS

We expect to receive net proceeds from the sale of the notes, after deducting the underwriting discounts and expenses payable by us, of approximately \$. We intend to use the net proceeds of this offering to fund the planned optional redemption at par of our (i) 2.500% notes due September 1, 2020 with an aggregate principal amount of \$500 million and (ii) 2.375% notes due October 2, 2020, with an aggregate principal amount of €375 million (approximate USD equivalent of \$421.275 million as of June 30, 2020) and to use the remaining net proceeds for general corporate purposes, including to repay unsecured indebtedness, including indebtedness outstanding under our \$4.0 billion senior unsecured revolving credit facility, our \$3.5 billion supplemental senior unsecured revolving credit facility and/or our U.S. dollar denominated indebtedness outstanding under our global unsecured commercial paper note program. Any borrowings under our \$4.0 billion senior unsecured revolving credit facility or global unsecured commercial paper note program that are repaid with net proceeds from this offering may be reborrowed, subject to customary conditions.

As of June 30, 2020, we had approximately \$3.125 billion of indebtedness outstanding under our \$4.0 billion senior unsecured revolving credit facility. The \$4.0 billion senior unsecured revolving credit facility accrued interest at a base rate of LIBOR plus 70 basis points as of June 30, 2020 and matures on June 30, 2024 (which may be extended for two additional six-month periods to June 30, 2025 at our sole option, subject to our continued compliance with the terms thereof).

As of June 30, 2020, we had approximately \$750 million of indebtedness outstanding under our \$3.5 billion supplemental senior unsecured revolving credit facility. The \$3.5 billion senior unsecured revolving credit facility accrued interest at a base rate of LIBOR plus 77.5 basis points as of June 30, 2020 and matures on June 30, 2022 (which may be extended for an additional year to June 30, 2023 at our sole option, subject to our continued compliance with the terms thereof).

As of June 30, 2020, we had approximately \$702 million of indebtedness outstanding under our global unsecured commercial paper note program, all of which was comprised of U.S. dollar denominated commercial paper notes with a weighted average interest rate of 0.23% and a weighted average maturity date of July 28, 2020. Proceeds from borrowings under our \$4.0 billion senior unsecured revolving credit facility, our \$3.5 billion supplemental senior unsecured revolving credit facility and our global unsecured commercial paper note program were used for general corporate purposes.

If any of the underwriters or their affiliates are holders of our 2.500% notes due September 1, 2020 or our 2.375% notes due October 2, 2020 or, to the extent that the net proceeds of this offering are used to repay indebtedness outstanding under our \$4.0 billion senior unsecured revolving credit facility or under our global unsecured commercial paper note program, any of the underwriters or their affiliates are lenders under our \$4.0 billion senior unsecured revolving credit facility or holders of our outstanding U.S. dollar denominated commercial paper notes, such underwriters or affiliates will receive a portion of the proceeds from this offering. See "Underwriting—Conflicts of Interest."

DESCRIPTION OF NOTES

Each series of notes will be issued under an indenture dated as of November 26, 1996, between us and The Bank of New York Mellon Trust Company, N.A. (as successor to The Chase Manhattan Bank), as trustee (the "Trustee"), as heretofore supplemented, and to be supplemented as of _____, 2020 (the "Indenture"). The terms of the notes include those provisions contained in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. We have summarized selected terms and provisions of the Indenture and the Trust Indenture Act below. The following summary of specified provisions of the Indenture and the notes does not purport to be complete and is subject to, and qualified in its entirety by reference to, the actual provisions of the Indenture, including the definitions contained in the Indenture of some of the terms used below, and the notes of the applicable series. If you would like more information on any of these provisions, you should read the relevant sections of the Indenture. Copies of the Indenture are available from us upon request.

The 2025 Notes will initially be issued in an aggregate principal amount of \$ _____, constituting a further issuance of the Existing 2025 Notes, and will mature on September 1, 2025. Upon completion of this offering, an aggregate principal amount of \$ _____ of 3.500% Notes due 2025 will be outstanding. The 2025 Notes will form a single series with the Existing 2025 Notes under the Indenture and will have the same terms other than the initial offering price and issue date. Immediately upon settlement, the 2025 Notes will have the same CUSIP number and will trade interchangeably with the Existing 2025 Notes. The _____ Notes and the _____ Notes will initially be issued in an aggregate principal amount of \$ _____ and \$ _____, respectively, as new series of debt securities under the Indenture, and will mature on _____, _____, and _____, respectively. See "—Further Issuances" below.

The notes will be our direct, unsecured and unsubordinated obligations and will rank equally with all our other unsecured and unsubordinated indebtedness from time to time outstanding. The notes will be effectively subordinated to the claims of mortgage lenders holding secured indebtedness, as to the specific property securing each lender's mortgage, and to claims of creditors and future holders of preferred equity, if any, of our subsidiaries to the extent of the assets of those subsidiaries. Assuming we had completed the offering of the notes on March 31, 2020, the notes would have been effectively subordinated to \$6.886 billion of total consolidated mortgage debt outstanding on such date to the extent of the assets securing the same. At such date, our subsidiaries had no unsecured indebtedness, other than €1.250 billion (approximate USD equivalent of \$1.375 billion) of notes issued by a subsidiary to fund certain of our European operations and \$125.0 million issued under our \$3.5 billion senior unsecured revolving credit facility relating to our operations in Puerto Rico, each of which is guaranteed by us and reflected in our consolidated indebtedness. Subject to specified limitations in the Indenture and as described below under "—Covenants," the Indenture permits us and our subsidiaries to incur additional secured and unsecured indebtedness and to issue preferred equity. None of our partners has any obligation to pay any amounts due on the notes.

The entire principal amount of the 2025 Notes will mature and become payable, together with accrued and unpaid interest, on September 1, 2025, the _____ Notes will mature and become payable, together with accrued and unpaid interest, on _____, _____, and the _____ Notes will mature and become payable, together with accrued and unpaid interest, on _____, _____ (each, a "Maturity Date" with respect to the applicable series of notes), unless, in each case, such notes are redeemed earlier as described below under "—Optional Redemption." The notes will not be subject to, or entitled to the benefit of, any sinking fund provisions and will not be convertible into or exchangeable for any of our equity interests. The notes of each series will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Except as described below under "*Covenants—Limitation on Debt*" and "*Covenants—Merger, Consolidation or Sale*," the Indenture does not contain any provisions that would limit our ability or the ability of our subsidiaries to incur indebtedness or that would give holders of the notes protection in the event of:

- a highly leveraged or similar transaction involving us or any of our affiliates;
- a change of control; or
- a reorganization, restructuring, merger or similar transaction involving us or any of our affiliates that may adversely affect the holders of the notes.

Restrictions on the ownership and transfer of the shares of common stock of Simon Property designed to preserve its qualification as a REIT, however, may prevent or hinder a change of control.

Principal and Interest

The 2025 Notes will be deemed to bear interest from March 1, 2020, at 3.500% per year, payable semi-annually in arrears on March 1 and September 1, commencing September 1, 2020. The Notes will bear interest at % per year and the Notes will bear interest at % per year, in each case from , 2020 or from the immediately preceding interest payment date to which interest has been paid. Interest on the Notes and the Notes is payable semi-annually in arrears on and , commencing , 2020 (each, an "Interest Payment Date" with respect to the applicable series of notes). Interest on an Interest Payment Date will be paid to the persons, or "holders", in whose names the notes are registered on the security register at the close of business on the regular record date. The regular record date will be the fifteenth calendar day, whether or not a Business Day (as defined below), immediately preceding the related Interest Payment Date. Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months. The interest payment made with respect to the 2025 Notes on September 1, 2020 will include accrued interest from March 1, 2020 equal to \$.

The principal of each note payable at maturity or the principal, premium, if any, and interest, if any, payable upon earlier redemption will be paid against presentation and surrender of the note at the corporate trust office of the Trustee, located initially at The Bank of New York Mellon Trust Company, N.A., 2 North LaSalle Street, Suite 700, Chicago, Illinois 60602, in the coin or currency of the United States of America that at the time of payment is legal tender for payment of public and private debts.

If any Interest Payment Date, the Maturity Date or any earlier date of redemption falls on a day that is not a Business Day, the required payment will be made on the next Business Day as if it were made on the date the payment was due and no interest will accrue on the amount so payable for the period from and after that Interest Payment Date, the Maturity Date or that date of redemption, as the case may be. For purposes of the notes, "Business Day" means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions in The City of New York are authorized or required by law, regulation or executive order to close.

Further Issuances

We may, from time to time, without the consent of or notice to existing note holders, create and issue further notes having the same terms and conditions as the notes of any series in all respects, except for the issue date, issue price and, to the extent applicable, the first payment of interest. Additional notes issued in this manner will be consolidated with, and will form a single series of debt securities with, the previously outstanding notes of the related series; *provided, however*, that if such additional notes will not be fungible with the previously outstanding notes of the related series for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number.

Optional Redemption

We may redeem the notes of any series at our option at any time, in whole or from time to time in part, at a redemption price (the "Redemption Price") equal to the sum of:

- the principal amount of the notes of such series being redeemed plus accrued interest on such notes to the redemption date; and
- the Make-Whole Amount, as defined below, if any, with respect to the notes of such series.

If the 2025 Notes, the _____ Notes or the _____ Notes are redeemed on or after June 1, 2025 (three months prior to their Maturity Date) _____, _____, (_____ months prior to their Maturity Date) or _____, _____, (_____ months prior to their Maturity Date), respectively, the Redemption Price will not include the Make-Whole Amount.

Notwithstanding the foregoing, installments of interest on notes that are due and payable on an Interest Payment Date falling on or prior to a redemption date will be payable on such Interest Payment Date to the holders thereof as of the close of business on the relevant record date.

If we have given notice of redemption as provided in the Indenture and have made funds available on the redemption date referred to in the notice for the redemption, the notes called for redemption will cease to bear interest on the redemption date and the holders of those notes from and after the redemption date will be entitled to receive only the payment of the Redemption Price upon surrender of the notes in accordance with the notice.

We will give notice of any optional redemption of the notes of any series to holders of those notes, at their addresses, as shown in the security register for the notes, not more than 45 nor less than 15 days prior to the redemption date. The notice of redemption will specify, among other items, the applicable series of notes, the Redemption Price and the principal amount of the notes held by the holder to be redeemed.

If we choose to redeem less than all of the notes of a series, we will notify the Trustee at least five Business Days prior to giving notice of redemption, or a shorter period as may be satisfactory to the Trustee, of the aggregate principal amount of notes of such series to be redeemed and their redemption date. The Trustee will select, on a pro rata basis to the extent practicable or by lot or by such other manner it deems fair and appropriate (and in such manner that complies with the requirements of the depository, if applicable), the notes of such series to be redeemed in part.

As used herein with respect to the 2025 Notes:

"Make-Whole Amount" means, in connection with any optional redemption or accelerated payment of the 2025 Notes, the excess, if any, of:

- the aggregate present value, as of the date of redemption or accelerated payment, of each dollar of principal being redeemed or paid and the amount of interest, calculated by us, excluding interest accrued to the date of redemption or accelerated payment, that would have been payable in respect of each dollar if the redemption or accelerated payment had been made on June 1, 2025 (determined by discounting, on a semi-annual basis, the principal and interest at the Reinvestment Rate, determined on the third Business Day preceding the date notice of the redemption or accelerated payment is given, from the respective dates on which the principal and interest would have been payable if the redemption or accelerated payment had been made on June 1, 2025), over the aggregate principal amount of the 2025 Notes being redeemed or accelerated.

"Reinvestment Rate" means the yield on treasury securities at a constant maturity corresponding to the remaining life to maturity (rounded up to the nearest month) of the principal of the 2025 Notes being redeemed or accelerated as of the date of redemption or accelerated payment (which maturity

shall be deemed to be June 1, 2025) (the "Treasury Yield"), plus 0.200% for the 2025 Notes being redeemed or accelerated. For purposes of calculating the Reinvestment Rate, (1) the Treasury Yield will be equal to the arithmetic mean of the yields under the heading "Week Ending" for "U.S. Government Securities—Treasury Constant Maturities" with a maturity equal to the deemed remaining life to maturity of the 2025 Notes being redeemed or accelerated; provided, that if no published maturity exactly corresponds to such remaining life, then the Treasury Yield will be interpolated or extrapolated on a straight-line basis from the arithmetic means of the yields for the next shortest and next longest published maturities. For purposes of calculating the Reinvestment Rate, the most recent Statistical Release published prior to the date of determination of the Make-Whole Amount shall be used. If the format or content of the Statistical Release changes in a manner that precludes determination of the Treasury Yield in the above manner, then the Treasury Yield will be determined in the manner that most closely approximates the above manner, as we reasonably determine.

"Statistical Release" means the statistical release designated "H.15 (519)" or any successor publication that is published weekly by the Federal Reserve System and that reports yields on actively traded United States government securities adjusted to constant maturities, or, if that statistical release is not published at the time of any required determination under the Indenture, then another reasonably comparable index which we will designate.

As used herein with respect to the _____ Notes and the _____ Notes:

"Make-Whole Amount" means, in connection with any optional redemption or accelerated payment of the notes of either series, the excess, if any, of:

- the aggregate present value as of the date of redemption or accelerated payment of each dollar of principal being redeemed or accelerated and the amount of interest, calculated by us, excluding interest accrued to the date of redemption or accelerated payment, that would have been payable in respect of each dollar if the redemption or accelerated payment had been made on _____, _____, in the case of the _____ Notes or _____, _____, in the case of the _____ Notes (determined by discounting, on a semiannual basis, the principal and interest at the Reinvestment Rate, determined on the third Business Day preceding the date notice of the redemption or accelerated payment is given, from the respective dates on which the principal and interest would have been payable if the redemption or accelerated payment had been made on _____, _____, in the case of the _____ Notes or _____, _____, in the case of the _____ Notes), over the aggregate principal amount of the notes of such series being redeemed or accelerated.

"Reinvestment Rate" means the yield on treasury securities at a constant maturity corresponding to the remaining life to maturity (rounded up to the nearest month) of the principal of the notes of the applicable series being redeemed or accelerated as of the date of redemption or accelerated payment (which maturity shall be deemed to be _____, _____, in the case of the _____ Notes or _____, _____, in the case of the _____ Notes) (the "Treasury Yield"), plus _____ % for the _____ Notes and _____ % for the _____ Notes being redeemed or accelerated. For purposes of calculating the Reinvestment Rate, (1) the Treasury Yield will be equal to the arithmetic mean of the yields displayed for each day in the preceding calendar week published in the Statistical Release for Treasury constant maturities with a maturity equal to the remaining life to maturity of the notes of such series being redeemed or accelerated (assuming the _____ Notes matured on _____, _____ and the _____ Notes matured on _____, _____) and (2) the most recent Statistical Release published prior to the date of the applicable determination will be used. However, if no published maturity exactly corresponds to such remaining life, then the Treasury Yield will be interpolated or extrapolated on a straight-line basis from the arithmetic means of the yields for the next shortest and next longest published maturities. If the format or content of the Statistical Release changes in a manner that precludes determination of the Treasury Yield in the above manner, then the Treasury Yield will be

determined in the manner that most closely approximates the above manner, as we reasonably determine.

"Statistical Release" means the statistical release designated "H.15" or any successor publication that is published weekly by the Federal Reserve System and that reports yields on actively traded United States government securities adjusted to constant maturities, or, if that statistical release or successor publication is not published at the time of any required determination under the Indenture, then another reasonably comparable index which we will designate.

No Guarantee by Predecessor Operating Partnership

The Indenture indicates that a predecessor operating partnership subsidiary of Simon Property that had the same name as us would guarantee the payment of any securities issued under the Indenture. Effective December 31, 1997, this predecessor operating partnership was merged into us. As a result, we acquired all of the assets and partnership interests it previously owned and its obligations as guarantor under the Indenture were terminated.

The following covenants and related definitions will apply to the notes:

Limitation on Debt. As of each Reporting Date, our Debt will not exceed 65% of Total Assets.

Limitation on Secured Debt. As of each Reporting Date, our Secured Debt will not exceed 50% of our Total Assets.

- immediately after giving effect to the transaction and treating any indebtedness which becomes our obligation or the obligation of a Subsidiary (as defined below) as a result thereof as having been incurred by us or that Subsidiary at the time of the transaction, no Event of Default, and no event which, after notice or the lapse of time, or both, would become an Event of Default, will have occurred and be continuing; and
- an officer's certificate and legal opinion covering these conditions is delivered to the Trustee.

Except as described under "—*Merger, Consolidation or Sale,*" above, we will do or cause to be done all things necessary to preserve and keep in full force and effect our existence, rights (by partnership agreement and statute) and franchises. However, we will not be required to preserve any right or franchise if we determine that its loss is not disadvantageous in any material respect to the holders of the notes.

- all taxes, assessments and governmental charges levied or imposed upon us or any Subsidiary or upon our income, profits or property or upon any Subsidiary's income, profits or property;
- all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon our property or the property of any Subsidiary; and
- excluding, however, any tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings.

Provision of Financial Information. Whether or not we are subject to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and to the extent permitted under the Exchange Act, we will file with the Securities and Exchange Commission the annual reports, quarterly reports and other documents required under Section 13 or 15(d) (the "Financial Information") on or prior to the respective dates (the "Required Filing Dates") by which we would have been required to file those documents if we were subject to Section 13 or 15(d). We also will in any event within 15 days of each Required Filing Date:

- transmit copies of the Financial Information by mail to all holders of Securities (as their names and addresses appear in the security register) without cost to the holders, and

If we are not permitted to file these documents with the Securities and Exchange Commission under the Exchange Act, we will supply copies of the documents to any prospective holder promptly upon written request.

The availability of the foregoing materials on the Securities and Exchange Commission's website or on our website shall be deemed to satisfy the foregoing delivery obligations.

- reduce the principal amount of, or the rate or amount of interest on, or any premium payable on redemption or acceleration of the Security or reduce the amount of principal of an Original Issue Discount Security (as defined in the Indenture) that would be due and payable upon acceleration of maturity or that would be provable in bankruptcy, or adversely affect any right of repayment at the option of the holder of any Security;
- change the place of payment or the coin or currency for payment of principal or premium, if any, or interest on any Security;
- impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any Security;
- reduce the above-stated percentage in principal amount of Outstanding Securities, the consent of whose holders is necessary to modify or amend the Indenture, or to waive compliance with specified provisions of the Indenture or specified defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the Indenture; or
- modify any of the foregoing provisions or any of the provisions relating to the waiver of specified past defaults or specified covenants, except to increase the required percentage to effect the action or to provide that specified other provisions of the Indenture may not be modified or waived without the consent of the holder of each affected Outstanding Security.

Modifications and amendments of the Indenture may be permitted to be made by us and the Trustee without the consent of any holder of Outstanding Securities for any of the following purposes:

- to evidence the succession of another person to us as obligor under the Indenture;
- to add to our covenants for the benefit of the holders of any series of Securities or to surrender any right or power conferred upon us in the Indenture;
- to add Events of Default for the benefit of the holders of any series of Securities;
- to add or change any provisions of the Indenture to facilitate the issuance of or to liberalize certain terms of Securities in bearer form, or to permit or facilitate the issuance of Securities in uncertificated form, provided that the action shall not adversely affect the interests of the holders of Securities of any series in any material respect;
- to change or eliminate any provisions of the Indenture, provided that any change or elimination shall become effective only when the Outstanding Securities are not entitled to the benefit of that provision;
- to secure the Securities;

- to establish the form or terms of the Securities of any series;
- to provide for the acceptance of appointment under the Indenture by a successor Trustee or facilitate the administration of the trust under the Indenture by more than one Trustee;
- to cure any ambiguity, defect or inconsistency in the Indenture, provided that the action is not inconsistent with the provisions of the Indenture and will not adversely affect the interests of holders of Securities of any series in any material respect;
- to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance and discharge of Securities, provided that the action will not adversely affect the interests of the holders of the Securities of any series in any material respect; or
- to conform the terms of the Indenture or the notes of a series to the description thereof contained in any prospectus, prospectus supplement or other offering document relating to the offer and sale of those notes.

The Indenture provides that in determining whether the holders of the requisite principal amount of a series of Outstanding Securities have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of those Securities, (1) the principal amount of an Original Issue Discount Security that shall be deemed to be Outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon acceleration of the maturity thereof, (2) the principal amount of a Security denominated in a foreign currency that shall be deemed Outstanding shall be the U.S. dollar equivalent, determined on the issue date for that Security, of the principal amount (or, in the case of an Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such note of the amount determined as provided in (1) above) of that Security, (3) the principal amount of an Indexed Security (as defined in the Indenture) that shall be deemed Outstanding shall be the principal face amount of such Indexed Security at original issuance, unless otherwise provided with respect to such Indexed Security pursuant to the Indenture, and (4) Securities owned by the Operating Partnership or any other obligor upon the Securities or any Subsidiary or affiliate of the Operating Partnership or of such other obligor shall be disregarded.

The Indenture contains provisions of convening meetings of the holders of Securities of a series issuable, in whole or in part, as bearer securities. A meeting will be permitted to be called at any time by the Trustee, and also, upon request, by us or the holders of at least 10% in principal amount of the Outstanding Securities of such series, in any such case upon notice given as provided in the Indenture. Except for any consent that must be given by the holder of each Security affected by certain modifications and amendments of the Indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present will be permitted to be adopted by the affirmative vote of the holders of a majority in principal amount of the Outstanding Securities of that series; *provided, however*, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage in principal amount of the Outstanding Securities of a series may be adopted at a meeting at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the Outstanding Securities of that series. Any resolution passed or decision taken at any meeting of holders of Securities of any series duly held in accordance with the Indenture will be binding on all holders of Securities of that series whether or not present or represented at the meeting. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the Outstanding Securities of a series; *provided, however*, that if any action is to be taken at such meeting with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which may be made, given or taken by the holders of not less than a specified percentage in principal amount of the Outstanding Securities of a series, then with respect to such action (and only such

action) the persons holding or representing such specified percentage in principal amount of the Outstanding Securities of such series will constitute a quorum.

Notwithstanding the foregoing provisions, the Indenture provides that if any action is to be taken at a meeting of holders of Securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that the Indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all Outstanding Securities affected thereby, or the holders of that series and any other series:

- there will be no minimum quorum requirement for the meeting; and
- the principal amount of the Outstanding Securities of the series that votes in favor of the request, demand, authorization, direction, notice, consent, waiver or other action will be taken into account in determining whether the request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the Indenture.

Events of Default, Notice and Waiver

The term "Event of Default," when used in this prospectus supplement with respect to the notes of any series, means any one of the following events:

- (1) default in the payment of any interest on the notes of that series when the interest becomes due and payable, and continuance of the default for a period of 30 days;
- (2) default in the payment of the principal of, or premium or Make-Whole Amount, if any, on, any note of that series when it becomes due and payable at its Maturity Date or by declaration of acceleration, notice of redemption or otherwise;
- (3) default in the performance or breach of any of our covenants in the Indenture (other than a covenant added to the Indenture solely for the benefit of another series of Securities issued under the Indenture) and continuance of the default or breach for a period of 90 days after there has been given, by registered or certified mail, to us by the Trustee, or to us and the Trustee by the holders of at least 25% in principal amount of the outstanding notes of that series, a written notice specifying the default or breach and requiring it to be remedied and stating that the notice is a "Notice of Default" under the Indenture;
- (4) a default in the payment of an aggregate principal amount exceeding \$50 million of any of our recourse indebtedness (however evidenced) or any recourse indebtedness of any Subsidiary which we have guaranteed or for which we are responsible or liable after the expiration of any applicable grace period with respect thereto and the default has resulted in the indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, but only if that indebtedness is not discharged, or the acceleration rescinded or annulled within a period of 30 days after there has been given, by registered or certified mail, to us by the Trustee, or to us and the Trustee by the holders of at least 25% in principal amount of the outstanding notes of that series, a written notice specifying the default and requiring us to cause the indebtedness to be discharged or cause the acceleration to be rescinded or annulled and stating that the notice is a "Notice of Default" under the Indenture; or
- (5) specific events of bankruptcy, insolvency or reorganization affecting us or certain Subsidiaries or any of their respective properties.

If an Event of Default under the Indenture with respect to the outstanding notes of any series occurs and is continuing, then in every such case the Trustee or the holders of not less than 25% of the principal amount of the outstanding notes of that series may declare the principal amount and premium or Make-Whole Amount, if any, and accrued interest on all the notes of that series to be due and payable immediately by written notice thereof to us and to the Trustee, if given by the holders;

provided, that in the case of an Event of Default as described in (5) above, acceleration is automatic. However, at any time after a declaration of acceleration with respect to the notes of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in principal amount of the outstanding notes of that series may, by written notice to us and the Trustee, rescind and annul the declaration and its consequences if:

- we have deposited with the Trustee all required payments of the principal of, and premium or Make-Whole Amount, if any, and interest on the notes of that series, plus specified fees, expenses, disbursement and advances of the Trustee; and
- all Events of Default with respect to the notes of that series, other than the non-payment of principal of, or premium or Make-Whole Amount, if any, or interest on the notes of that series which has become due solely by the declaration of acceleration, have been cured or waived as provided in the Indenture.

The holders of a majority in principal amount of the notes of any series may waive any past default with respect to the notes of that series and its consequences, except a default:

- in the payment of the principal of, or premium or Make-Whole Amount, if any, or interest payable on any note of that series; or
- in respect of a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the holder of each note of that series.

The Trustee will be required to give notice to the holders of the notes of any series within 90 days of the occurrence of a default with respect to the notes of such series under the Indenture unless the default has been cured or waived; *provided, however*, that the Trustee may withhold notice to the holders of the notes of such series of any default, except a default in the payment of the principal of, or premium or Make-Whole Amount, if any, or interest on any notes of such series, if and so long as specified responsible officers of the Trustee determine in good faith that the withholding of the notice is in the interest of the holders; and *provided further*, that in the case of an Event of Default as described in (3) above, the Trustee will not give notice to such holders until at least 90 days after the occurrence thereof.

The Indenture provides that no holder of notes of any series may institute any proceedings, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, except in the case of failure of the Trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the holders of not less than 25% in principal amount of the outstanding notes of that series, as well as an offer of indemnity reasonably satisfactory to it. This provision will not prevent, however, any holder of notes of that series from instituting suit for the payment of the principal of, and premium or Make-Whole Amount, if any, and interest on the notes of that series on the respective due date thereof.

Subject to provisions in the Indenture relating to its duties in case of default, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any holders of notes of any series then outstanding under the Indenture, unless such holders have offered to the Trustee reasonable security or indemnity. The holders of a majority in principal amount of the outstanding notes of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred upon the Trustee in respect of the notes of such series. However, the Trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve the Trustee in personal liability or which may be unduly prejudicial to the holders of notes of that series not joining therein and the Trustee may take any other action it deems proper not inconsistent with the direction given.

Within 120 days after the close of each fiscal year, we will be required to deliver to the Trustee a certificate, signed by one of several of our specified officers, stating whether or not the officer has knowledge of any default under the Indenture and, if so, specifying each default and the nature and status thereof.

Discharge, Defeasance and Covenant Defeasance

We are permitted under the Indenture to discharge specific obligations to the holders of the notes of or within a series that have not already been delivered to the Trustee for cancellation by irrevocably depositing with the Trustee, in trust, funds in U.S. dollars in an amount sufficient to pay the entire indebtedness on such notes in respect of principal, and premium, if any, and interest to the date of the deposit, if such notes have become due and payable, or to the Maturity Date or redemption date, as the case may be.

The Indenture also provides that upon the irrevocable deposit by us with the Trustee, in trust, of an amount, in U.S. dollars at stated maturity, or Government Obligations, or both, applicable to such notes which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient without reinvestment to pay the principal of, and premium, if any, and interest on such notes on the scheduled due dates therefor, we may elect either:

- to defease and be discharged from any and all obligations with respect to the notes of or within a series other than the obligations to register the transfer or exchange of such notes, to replace temporary or mutilated, destroyed, lost or stolen notes, to maintain an office or agency in respect of such notes and to hold moneys for payment in trust ("defeasance"); or
- to be released from our obligations under the covenants described above under "—Covenants," with the exception of the covenant described in "—Covenants—Merger, Consolidation or Sale," with respect to the notes of or within a series, and any omission to comply with these obligations shall not constitute an Event of Default with respect to such notes ("covenant defeasance").

See "Description of Securities Being Offered—Discharge, Defeasance and Covenant Defeasance" in the accompanying prospectus.

A trust may only be established if, among other things, we have delivered to the Trustee an opinion of counsel, as specified in the Indenture, to the effect that the holders of the notes of or within a series will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and the opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling of the Internal Revenue Service ("IRS") or a change in applicable United States federal income tax law occurring after the date of the Indenture.

"Government Obligations" means securities that are:

- (1) direct obligations of the United States of America for the payment of which its full faith and credit is pledged; or
- (2) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America;

which, in either case, are not callable or redeemable at the option of the issuer thereof, and will also include a depositary receipt issued by a bank or trust company as custodian with respect to any Government Obligation or a specific payment of interest on or principal of any Government Obligation held by the custodian for the account of the holder of a depositary receipt; *provided* that, except as

required by law, the custodian is not authorized to make any deduction from the amount payable to the holder of the depositary receipt from any amount received by the custodian in respect of the Government Obligation or the specific payment of interest on or principal of the Government Obligation evidenced by the depositary receipt.

If we effect covenant defeasance with respect to the notes of any series and the notes of that series are declared due and payable because of the occurrence of any Event of Default other than the Event of Default described in clause (3) under "Events of Default, Notice and Waiver" with respect to the related covenants, which covenants would no longer be applicable to such notes as a result of the covenant defeasance, the amount in U.S. dollars, and Government Obligations on deposit with the Trustee, will be sufficient to pay amounts due on such notes at the time of their stated maturity but may not be sufficient to pay amounts due on the notes at the time of the acceleration resulting from such Event of Default. We would remain liable, however, to make payment of the amounts due at the time of acceleration.

Governing Law

The Indenture is governed by, and construed in accordance with, the laws of the State of New York, and once issued the notes will be as well.

Delivery and Form

The notes of each series will be represented initially by one or more permanent notes of such series in registered, global form without interest coupons (the "global notes"). These global notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company (the "depository") in New York, New York, and registered in the name of the depository or its nominee, in each case for credit to an account of a direct or indirect participant as described below. Except as set forth below, the global notes may be transferred, in whole and not in part, only to the depository, a nominee of the depository or to a successor of the depository or its nominee. Beneficial interests in the global notes may not be exchanged for notes in certificated form except in the limited circumstances described below. The Trustee will act as registrar.

Book-Entry Procedures

The Depository Trust Company. The depository has advised us that it is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "participants") and to facilitate the clearance and settlement of transactions in those securities between participants through electronic book-entry changes in accounts of participants. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the depository's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (collectively, "indirect participants"). Persons who are not participants may beneficially own securities held by or on behalf of the depository only through participants or indirect participants. The ownership interest and transfer of ownership interest of each actual purchaser of each security held by or on behalf of the depository are recorded on the records of the participants and indirect participants.

The depository also has advised us that pursuant to procedures established by it:

- upon deposit of the global notes, the depository will credit the accounts of participants designated by the underwriters with portions of the principal amount of global notes; and
- ownership of interests in the global notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by the depository with respect to

participants or by participants and the indirect participants with respect to other owners of beneficial interest in the global notes.

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interest in a global note to such persons may be limited to that extent. Because the depository can act only on behalf of participants, which in turn act on behalf of indirect participants and certain banks, the ability of a person having a beneficial interest in a global note to pledge such interest to persons or entities that do not participate in the depository system, or otherwise take actions in respect of such interests, may be affected by the lack of physical certificate evidencing such interests.

Except as described below, owners of interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of and premium and interest on a global note registered in the name of the depository or its nominee will be payable by the paying agent to the depository or its nominee in its capacity as the registered holder of a global note under the Indenture. Under the terms of the Indenture, we and the Trustee will treat the persons in whose names the global notes are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever.

Consequently, neither we, the Trustee nor any agent of us or the Trustee have or will have any responsibility or liability for:

- any aspect of the depository's records or any participant's or indirect participant's records relating to or payments made on account of beneficial ownership interests in the global notes, or for maintaining, supervising or reviewing any of the depository's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the global notes; or
- any other matter relating to the actions and practices of the depository or any of its participants or indirect participants.

The depository has advised us that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant participants with the payment on the payment date, in amounts proportionate to their respective holdings in principal amount of beneficial interests in the relevant security such as the global notes as shown on the records of the depository. Payments by participants and the indirect participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will not be the responsibility of the depository, the Trustee or us. Neither we nor the Trustee will be liable for any delay by the depository or its participants in identifying the beneficial owners of the notes, and we and the Trustee may rely conclusively on and will be protected in relying on instructions from the depository or its nominee as the registered owner of the global notes for all purposes.

If less than all of the global notes of a series is being redeemed, the depository's current practice is to determine by lot the amount of the interest of each participant in such global notes to be redeemed.

Interests in the global notes will trade in the depository's same-day funds settlement system, and secondary market trading activity in such interest will, therefore, settle in immediately available funds, subject in all cases to the rules and procedures of the depository and its participants. Transfers between participants in the depository will be effective in accordance with the depository's procedures and will be settled in same-day funds.

The depository has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account the interests in the global

notes are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given direction.

Clearstream. Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides Clearstream Participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures to the extent received by the depository for Clearstream.

Euroclear. Euroclear was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing, and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank SA/NV (the "Euroclear Operator"), under contract with Euroclear plc, a U.K. corporation. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not Euroclear plc. Euroclear plc establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters or other affiliates. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the Belgian Banking and Finance Commission.

Links have been established among the depository, Clearstream and Euroclear to facilitate the initial issuance of the notes sold outside the United States and cross-market transfers of the notes associated with secondary market trading.

Although the depository, Clearstream and Euroclear have agreed to the procedures provided below in order to facilitate transfers, they are under no obligation to perform these procedures, and these procedures may be modified or discontinued at any time.

Clearstream and Euroclear will record the ownership interests of their participants in much the same way as the depository, and the depository will record the total ownership of each of the U.S. agents of Clearstream and Euroclear, as participants in the depository. When notes are to be transferred from the account of a depository participant to the account of a Clearstream Participant or a Euroclear Participant, the purchaser must send instructions to Clearstream or Euroclear through a participant at least one day prior to settlement. Clearstream or Euroclear, as the case may be, will

instruct its U.S. agent to receive notes against payment. After settlement, Clearstream or Euroclear will credit its participant's account. Credit for the notes will appear on the next day (European time).

Because settlement is taking place during New York business hours, depositary participants will be able to employ their usual procedures for sending notes to the relevant U.S. agent acting for the benefit of Clearstream or Euroclear participants. The sale proceeds will be available to the depositary seller on the settlement date. As a result, to the depositary participant, a cross-market transaction will settle no differently than a trade between two depositary participants.

When a Clearstream or Euroclear participant wishes to transfer notes to a depositary participant, the seller will be required to send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. In these cases, Clearstream or Euroclear will instruct its U.S. agent to transfer these notes against payment for them. The payment will then be reflected in the account of the Clearstream or Euroclear participant the following day, with the proceeds back-valued to the value date, which would be the preceding day, when settlement occurs in New York. If settlement is not completed on the intended value date, that is, the trade fails, proceeds credited to the Clearstream or Euroclear participant's account will instead be valued as of the actual settlement date.

You should be aware that you will only be able to make and receive deliveries, payments and other communications involving the notes through Clearstream and Euroclear on the days when those clearing systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States. In addition, because of time zone differences there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States.

The information in this section concerning the depositary, Clearstream and Euroclear and their book-entry systems has been obtained from sources that we believe to be reliable, but neither we nor any underwriter takes any responsibility for the accuracy or completeness thereof. None of us, the underwriters or the Trustee will have any responsibility for the performance by the depositary, Clearstream and Euroclear or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Book-Entry Notes for Certificated Notes

A global note is exchangeable for definitive notes in registered certificated form of the same series:

- if the depositary:
 - notifies us that it is unwilling or unable to continue as depositary for the global note and we thereupon fail to appoint a successor depositary within 90 days after this notice; or
 - has ceased to be a clearing agency registered under the Exchange Act;
- upon the occurrence and continuance of an Event of Default under the Indenture in respect of the notes of such series; or
- if we, at our option and subject to the procedures of the depositary, notify the Trustee in writing that we elect to cause issuance of such notes in certificated form.

In addition, beneficial interests in a global note may be exchanged for certificated notes of the same series upon request but only upon at least 30 days' prior written notice given to the Trustee by or on behalf of the depositary in accordance with customary procedures. In all cases, certificated notes delivered in exchange for any global note or beneficial interest therein will be registered in names, and issued of the same series in any approved denominations, requested by or on behalf of the depositary (in accordance with its customary procedures).

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of the material U.S. federal income tax consequences of the purchase, ownership and disposition of the notes issued pursuant to this offering, but does not purport to be a complete analysis of all potential tax effects. The effects of other U.S. federal tax laws, such as estate and gift tax laws, and any applicable state, local or foreign tax laws are not discussed. This discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), the Treasury regulations promulgated thereunder (the "Treasury Regulations"), judicial decisions, and published rulings and administrative pronouncements of the IRS, in each case in effect as of the date hereof. These authorities may change or be subject to differing interpretations. Any such change or differing interpretation may be applied retroactively in a manner that could adversely affect a holder of the notes. We have not sought and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance the IRS or a court will not take a contrary position to that discussed below regarding the tax consequences of the purchase, ownership and disposition of the notes.

This discussion is limited to holders who hold the notes as "capital assets" within the meaning of Section 1221 of the Code (generally, property held for investment). In addition, this discussion is limited to persons who (i) purchase the 2025 Notes for cash pursuant to this offering at the public offering price indicated on the cover page of this prospectus supplement or (ii) purchase the Notes and the Notes for cash at original issue and at their original "issue price" within the meaning of Section 1273 of the Code (*i.e.*, the first price at which a substantial amount of the Notes and the Notes is sold to the public for cash). This discussion does not address all U.S. federal income tax consequences relevant to a holder's particular circumstances, including the impact of the Medicare contribution tax on net investment income or the alternative minimum tax. In addition, it does not address consequences relevant to holders subject to special rules, including, without limitation:

- U.S. expatriates and former citizens or former long-term residents of the United States;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;
- persons holding the notes as part of a hedge, straddle or other risk reduction strategy or as part of a conversion transaction or other integrated investment;
- banks, insurance companies, and other financial institutions;
- real estate investment trusts or regulated investment companies;
- brokers, dealers or traders in securities;
- "controlled foreign corporations," "passive foreign investment companies," and corporations that accumulate earnings to avoid U.S. federal income tax;
- S corporations, partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein);
- tax-exempt organizations or governmental organizations;
- persons deemed to sell the notes under the constructive sale provisions of the Code;
- persons subject to special tax accounting rules as a result of any item of gross income with respect to the notes being taken into account in an applicable financial statement; and
- persons that own notes redeemed pursuant to the planned optional redemption at par of our (i) 2.500% notes due September 1, 2020 and (ii) 2.375% notes due October 2, 2020.

If an entity treated as a partnership for U.S. federal income tax purposes holds the notes, the tax treatment of a partner in the partnership will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Accordingly, partnerships holding the

notes and the partners in such partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them.

THIS DISCUSSION IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT TAX ADVICE. INVESTORS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE NOTES ARISING UNDER OTHER U.S. FEDERAL TAX LAWS (INCLUDING ESTATE AND GIFT TAX LAWS), UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

Qualified Reopening and Issue Price of the 2025 Notes

We expect and the following discussion assumes that the 2025 Notes offered hereby will be treated as issued pursuant to a "qualified reopening" for U.S. federal income tax purposes. For U.S. federal income tax purposes, debt instruments issued in a qualified reopening of previously issued original debt instruments are deemed to be part of the same issue as the original debt instruments. Under the treatment described in this paragraph, the 2025 Notes offered hereby will have the same issue date and the same issue price as the Existing 2025 Notes for U.S. federal income tax purposes.

Tax Consequences Applicable to U.S. Holders

Definition of a U.S. Holder

For purposes of this discussion, a "U.S. Holder" is a beneficial owner of a note that, for U.S. federal income tax purposes, is or is treated as:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and has one or more "United States persons" (within the meaning of Section 7701(a)(30) of the Code) with the authority to control all substantial decisions of the trust, or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

Pre-Acquisition Accrued Interest

A portion of the price paid for a 2025 Note offered hereby will be allocable to the amount of stated interest that accrued prior to the date the 2025 Note was purchased ("pre-acquisition accrued interest"). We intend to take the position that, to the extent a portion of a U.S. Holder's purchase price is allocable to pre-acquisition accrued interest, a portion of the first stated interest payment equal to the amount of such pre-acquisition accrued interest will be treated as a nontaxable return of such pre-acquisition accrued interest to the U.S. Holder. Amounts treated as a nontaxable return of pre-acquisition accrued interest should reduce a U.S. Holder's adjusted tax basis in the 2025 Note offered hereby by a corresponding amount.

Payments of Interest

Interest on a note (other than pre-acquisition accrued interest, if applicable) generally will be taxable to a U.S. Holder as ordinary income at the time such interest is received or accrued, in accordance with such U.S. Holder's method of tax accounting for U.S. federal income tax purposes.

Amortizable Bond Premium.

If a U.S. Holder purchases a 2025 Note offered hereby for an amount (excluding any portion thereof allocable to pre-acquisition accrued interest) that exceeds the 2025 Note's principal amount, the U.S. Holder will be considered to have purchased the 2025 Note with "amortizable bond premium" in an amount equal to the excess. Generally, a U.S. Holder may elect to amortize the premium as an offset to interest, using a constant-yield method, over the remaining term of the 2025 Notes. However, because the 2025 Notes may be optionally redeemed by us for an amount in excess of their principal amount, special rules apply that could result in a deferral of the amortization of the bond premium until later in the term of the 2025 Notes. Under the Treasury Regulations, a U.S. Holder may offset the stated interest income allocable to an accrual period with the bond premium allocable to the accrual period. If the bond premium allocable to an accrual period exceeds the stated interest income allocable to the accrual period, the excess is treated as a bond premium deduction. However, the amount treated as a bond premium deduction is limited to the amount by which such U.S. Holder's total interest inclusions on the 2025 Notes in prior accrual periods exceed the total amount treated by such holder as a bond premium deduction in prior accrual periods. If any of the excess bond premium is not deductible, that amount is carried forward to the next accrual period. If a U.S. Holder elects to amortize bond premium, the U.S. Holder must reduce its adjusted tax basis in the 2025 Notes by the amount of the bond premium used to offset interest income as set forth above. An election to amortize bond premium applies to all taxable debt obligations held or subsequently acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies and may be revoked only with the consent of the IRS.

Sale or Other Taxable Disposition

A U.S. Holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a note. The amount of such gain or loss will generally equal the difference between the amount received for the note in cash or other property valued at fair market value (less amounts attributable to any accrued but unpaid interest, which will be taxable as interest to the extent not previously included in income) and the U.S. Holder's adjusted tax basis in the note. A U.S. Holder's adjusted tax basis in a note generally will be equal to the amount the U.S. Holder paid for the note, reduced by, if applicable, any amortized bond premium and any pre-acquisition accrued interest previously received. Any gain or loss will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder has held the note for more than one year at the time of sale or other taxable disposition. Otherwise, such gain or loss will be short-term capital gain or loss. Long-term capital gains recognized by certain non-corporate U.S. Holders, including individuals, generally will be taxable at a reduced rate. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding

A U.S. Holder may be subject to information reporting and backup withholding when such holder receives payments on a note or receives proceeds from the sale or other taxable disposition of a note (including a redemption or retirement of a note). Certain U.S. Holders are exempt from backup withholding, including corporations and certain tax-exempt organizations. A U.S. Holder will be subject to backup withholding if such holder is not otherwise exempt and:

- the holder fails to furnish the holder's taxpayer identification number, which for an individual is ordinarily his or her social security number;
- the holder furnishes an incorrect taxpayer identification number;
- the applicable withholding agent is notified by the IRS that the holder previously failed to properly report payments of interest or dividends; or

- the holder fails to certify under penalties of perjury that the holder has furnished a correct taxpayer identification number and that the IRS has not notified the holder that the holder is subject to backup withholding.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS. U.S. Holders should consult their tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption.

Tax Consequences Applicable to Non-U.S. Holders

Definition of a Non-U.S. Holder

For purposes of this discussion, a "Non-U.S. Holder" is a beneficial owner of a note that is neither a U.S. Holder nor an entity treated as a partnership for U.S. federal income tax purposes.

Payments of Interest

Interest paid on a note to a Non-U.S. Holder that is not effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States generally will not be subject to U.S. federal income tax, or withholding tax of 30% (or such lower rate specified by an applicable income tax treaty), provided that:

- the Non-U.S. Holder does not, actually or constructively, own 10% or more of our capital or profits;
- the Non-U.S. Holder is not a controlled foreign corporation related to us through actual or constructive stock ownership; and
- either (1) the Non-U.S. Holder certifies in a statement provided to the applicable withholding agent under penalties of perjury that it is not a United States person and provides its name and address; (2) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the note on behalf of the Non-U.S. Holder certifies to the applicable withholding agent under penalties of perjury that it, or the financial institution between it and the Non-U.S. Holder, has received from the Non-U.S. Holder a statement under penalties of perjury that such holder is not a United States person and provides a copy of such statement to the applicable withholding agent; or (3) the Non-U.S. Holder holds its note directly through a "qualified intermediary" (within the meaning of applicable Treasury Regulations) and certain conditions are satisfied.

If a Non-U.S. Holder does not satisfy the requirements above, such Non-U.S. Holder may be entitled to a reduction in or an exemption from withholding on such interest as a result of an applicable tax treaty. To claim such entitlement, the Non-U.S. Holder must provide the applicable withholding agent with a properly executed IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) claiming a reduction in or exemption from withholding tax under the benefit of an income tax treaty between the United States and the country in which the Non-U.S. Holder resides or is established.

If interest paid to a Non-U.S. Holder is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment in the United States to which such interest is attributable), the Non-U.S. Holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the Non-U.S. Holder must furnish to the applicable withholding agent a valid IRS Form W-8ECI, certifying that interest paid on a note is not subject to withholding tax

because it is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States.

Any such effectively connected interest generally will be subject to U.S. federal income tax at the regular graduated rates. A Non-U.S. Holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected interest, as adjusted for certain items.

The certifications described above must be provided to the applicable withholding agent prior to the payment of interest and must be updated periodically. Non-U.S. Holders that do not timely provide the applicable withholding agent with the required certification, but that qualify for a reduced rate under an applicable income tax treaty, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

Sale or Other Taxable Disposition

A Non-U.S. Holder will not be subject to U.S. federal income tax on any gain realized upon the sale, exchange, redemption, retirement or other taxable disposition of a note (such amount excludes any amount allocable to accrued and unpaid interest, which generally will be treated as interest and may be subject to the rules discussed above in "—Tax Consequences Applicable to Non-U.S. Holders—Payments of Interest") unless:

- the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment in the United States to which such gain is attributable); or
- the Non-U.S. Holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met.

Gain described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular graduated rates. A Non-U.S. Holder that is a foreign corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

Gain described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of the Non-U.S. Holder (even though the individual is not considered a resident of the United States), provided the Non-U.S. Holder has timely filed U.S. federal income tax returns with respect to such losses.

Non-U.S. Holders should consult their tax advisors regarding any applicable income tax treaties that may provide for different rules.

Information Reporting and Backup Withholding

Payments of interest generally will not be subject to backup withholding, provided the applicable withholding agent does not have actual knowledge or reason to know the holder is a United States person and the holder certifies its non-U.S. status as described above under "—Tax Consequences Applicable to Non-U.S. Holders—Payments of Interest." However, information returns are required to be filed with the IRS in connection with any interest paid to the Non-U.S. Holder, regardless of whether any tax was actually withheld. In addition, proceeds of the sale or other taxable disposition of a note (including a retirement or redemption of the note) within the United States or conducted through certain U.S.-related brokers generally will not be subject to backup withholding or information

reporting, if the applicable withholding agent receives the statement described above and does not have actual knowledge or reason to know that such holder is a United States person or the holder otherwise establishes an exemption. Proceeds of a disposition of a note paid outside the United States and conducted through a non-U.S. office of a non-U.S. broker generally will not be subject to backup withholding or information reporting.

Copies of information returns that are filed with the IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a Non-U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Additional Withholding Tax on Payments Made to Foreign Accounts

Withholding taxes may be imposed under Sections 1471 to 1474 of the Code (such Sections commonly referred to as the Foreign Account Tax Compliance Act, or "FATCA") on certain types of payments made to non-U.S. financial institutions and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on payments of interest on, or (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of, a note paid to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Code), unless (1) the foreign financial institution undertakes certain diligence and reporting obligations, (2) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "specified United States persons" or "United States owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of interest on a note. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of a note on or after January 1, 2019, proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued.

Prospective investors should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in the notes.

UNDERWRITING

BNP Paribas Securities Corp., Jefferies LLC, J.P. Morgan Securities LLC and U.S. Bancorp Investments, Inc. are acting as representatives of the underwriters named below. Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below has severally agreed to purchase, and we have agreed to sell to that underwriter, the principal amount of notes of each series set forth opposite the underwriter's name.

<u>Underwriter</u>	<u>Principal Amount of 2025 Notes</u>	<u>Principal Amount of Notes</u>	<u>Principal Amount of the Notes</u>
BNP Paribas Securities Corp.			
Jefferies LLC			
J.P. Morgan Securities LLC			
U.S. Bancorp Investments, Inc.			
Total	<u> </u>	<u> </u>	<u> </u>

The underwriters have agreed to purchase all of the notes sold under the underwriting agreement if any of the notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriters have advised us that they propose initially to offer the notes of each series to the public at the applicable public offering price set forth on the cover page of this prospectus supplement. After the initial offering, the underwriters may change the applicable public offering price and other selling terms for the notes of the applicable series.

The following table shows the underwriting discounts that we have agreed to provide to the underwriters in connection with this offering (expressed as a percentage of the principal amount of each series of notes).

	<u>Paid by Us</u>
Per 2025 note	%
Per note	%
Per note	%

The expenses of this offering, excluding the underwriting discounts, are estimated at approximately \$ and will be paid by us.

Reopening and New Issues of Notes

The 2025 Notes will be a further issuance of, are fungible with and are consolidated and form a single series with, our outstanding Existing 2025 Notes, \$600,000,000 of which were originally issued on August 17, 2015. The Notes and the Notes are new issues of securities with no established trading market. We do not intend to apply for listing of the notes of any series on any national securities exchange or for quotation of the notes of any series on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes of each series after completion of this offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure you that an active public trading market for the notes of any series will develop or be maintained or be liquid. If an active public trading market for the notes of any series does not develop or is not maintained, the market price and liquidity of those notes may be adversely affected.

Price Stabilization and Short Positions

In connection with this offering, the representatives, on behalf of the underwriters, may purchase and sell notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of notes of the applicable series in excess of the principal amount of the notes of that series to be purchased by the underwriters in this offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of notes of the applicable series in the open market after the distribution of the notes of that series has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes of the applicable series made for the purpose of preventing or retarding a decline in the market price of such notes while the offering of such notes is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

Any of these activities may have the effect of raising or maintaining the market price of the notes of the applicable series or preventing or retarding a decline in the market price of such notes. As a result, the price of such notes may be higher than the price that might otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time without notice.

Extended Settlement

We expect to deliver the notes against payment for the notes on or about the settlement date specified on the cover page of this prospectus supplement, which will be the third business day following the date of the pricing of the notes. Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes before the second business day prior to the settlement date specified on the cover page of this prospectus supplement will be required to specify alternative settlement arrangements to prevent a failed settlement.

Conflicts of Interest

Certain of the underwriters and affiliates of certain of the underwriters may be holders of our 2.500% notes due September 1, 2020 and/or our 2.375% notes due October 2, 2020. In addition, certain of the underwriters and affiliates of certain of the underwriters are lenders under our \$4.0 billion senior unsecured revolving credit facility, our \$3.5 billion supplemental senior unsecured

revolving credit facility and/or may be holders of our outstanding U.S. dollar denominated commercial paper notes. In such event, it is possible that more than 5% of the proceeds of this offering (not including the underwriting discount) may be received by any one underwriter and/or its affiliates. In which case, this offering will be conducted in accordance with FINRA Rule 5121 and such underwriter or underwriters will not confirm sales of the notes to accounts over which they exercise discretionary authority without the prior written approval of the customer. However, the appointment of a "qualified independent underwriter" is not required under FINRA Rule 5121 for this offering.

Other Relationships

The underwriters and their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters have performed, and expect in the future to perform, investment banking and advisory services for which they have received, and may continue to receive, customary fees and expenses, and affiliates of the underwriters have performed, and expect in the future to perform, commercial lending services, for us and our affiliates from time to time.

Affiliates of certain of the underwriters are lenders under various financial arrangements extended to us or our affiliates, including our \$4.0 billion senior unsecured revolving credit facility, our \$2.0 billion senior unsecured delayed-draw term loan facility and our \$3.5 billion supplemental senior unsecured revolving credit facility.

Further, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

USE OF PROCEEDS

We expect to use the net proceeds from the sale of debt securities for general business purposes, unless otherwise specified in the prospectus supplement relating to a specific offering. Our general business purposes may include repaying debt, financing capital commitments and financing future acquisitions. If we decide to use the net proceeds from an offering in some other way, we will describe the use of the net proceeds in the prospectus supplement for that offering.

DESCRIPTION OF SECURITIES BEING OFFERED

The securities offered by this prospectus will be debt securities issued under an Indenture dated as of November 26, 1996, or the Indenture, among us, The Bank of New York Mellon Trust Company, N.A. (as successor to The Chase Manhattan Bank), as trustee, and a former affiliate, as guarantor. The former affiliate was subsequently merged into the Operating Partnership.

As used in this prospectus, "debt securities" means the debt securities that we issue and that the trustee authenticates under the Indenture. Capitalized terms used but not defined under this prospectus have the meanings given to them in the Indenture.

We have summarized material terms and provisions of the Indenture below. The following summary is not complete and is subject to, and qualified in its entirety by reference to, all provisions of the Indenture. We have included references to section numbers of the Indenture so that you can easily locate the summarized provisions. If you would like more information on any of these provisions, you should read the relevant sections of the Indenture. We have included a copy of the Indenture as an exhibit to our registration statement relating to the debt securities. See "Where You Can Find More Information."

The debt securities will not be convertible into or exchangeable for any capital stock of Simon Property or any equity interest in us.

Terms of the Debt Securities

The Indenture does not limit the amount of debt securities we may issue under it. We may issue debt securities from time to time, without limit as to aggregate principal amount and in one or more series. The terms of each series of debt securities will be established in a resolution of the board of directors of our general partner or in one or more supplemental indentures. Without the consent of the holders of the debt securities, we may issue multiple series of debt securities with different terms or "reopen" a previous series of debt securities and issue additional debt securities of that series. (*Section 301*). The terms of the debt securities include those provisions contained in the Indenture, the supplemental indenture relating to a series of debt securities and those made a part of the Indenture by reference to the Trust Indenture Act of 1939.

The prospectus supplement relating to a series of debt securities being offered will include the specific terms of those debt securities and may include modifications of or additions to the general terms described in this prospectus. The specific terms will include:

- the title of the debt securities;
- the aggregate principal amount of the debt securities and whether there is any limit on the aggregate principal amount that we may subsequently issue;
- the percentage of the principal amount at which the debt securities will be issued;
- the principal amount payable whether at maturity or upon earlier acceleration, and whether the principal amount will be determined with reference to an index, formula or other method;
- the date or dates on which the principal of the debt securities will be payable, or the manner in which the payment date or dates will be determined;
- whether the debt securities will bear interest at a fixed or variable rate or not at all and, as applicable:
 - the interest rate or the manner in which the interest rate is determined,
 - the date or dates from which any interest will accrue, or the method for determining such date or dates,

- the basis upon which interest shall be calculated if other than a 360-day year of twelve 30-day months,
 - the record dates and interest payment dates for the debt securities, or the method(s) of determining such dates, and
 - the first interest payment date.
-
- the places where payments on the debt securities will be payable and where the debt securities may be surrendered for registration of transfer or exchange;
 - any provision that would obligate or permit us to repurchase, redeem or repay some or all of the debt securities, including any sinking fund requirements;
 - the redemption period or periods, redemption price or prices and the terms and conditions upon which the debt securities may be redeemed, if any;
 - whether the debt securities are denominated or payable in a foreign currency, units of two or more foreign currencies or a composite currency or currencies, and the related terms, conditions and consequences;
 - any deletions from, modifications of or additions to the events of default or our covenants with respect to the debt securities;
 - whether the debt securities will be issued in certificated or book-entry form, and the identity of the depository for debt securities issued in book-entry form;
 - whether the debt securities will be in registered or bearer form, and any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of the debt securities in either form;
 - the applicability, if any, of the defeasance and covenant defeasance options described under "—Discharge, Defeasance and Covenant Defeasance" and any modifications of these provisions;
 - whether and under what circumstances we will pay additional amounts on the debt securities held by a person who is not a U.S. person for specified taxes, assessments or other governmental charges and, if so, whether we have the option to redeem the affected debt securities rather than pay the additional amounts;
 - with respect to any debt securities that provide for optional redemption or prepayment upon the occurrence of certain events (such as a change of control),
 - the possible effects of such provisions on the market price of the debt securities or in deterring certain mergers, tender offers or other takeover attempts, and our intention to comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and any other applicable securities laws in connection with these provisions,
 - whether the occurrence of the specified events may give rise to cross-defaults on other indebtedness such that payment on the debt securities may be effectively subordinated, and
 - the existence of any limitation on our financial or legal ability to repurchase such debt securities upon the occurrence of such an event (including, if true, the lack of assurance that such a repurchase can be effected) and the impact, if any, under the Indenture of such a failure, including whether and under what circumstances such a failure may constitute an Event of Default; and
 - any other material terms of the debt securities.

You should be aware that special U.S. federal income tax, accounting and other considerations may be applicable to instruments such as the debt securities. The prospectus supplement relating to a series of debt securities will describe these considerations, if they apply.

One or more series of debt securities may provide that if their maturity is accelerated, the amount due and payable will be less than their stated principal amount. These are referred to as "Original Issue Discount Securities". The prospectus supplement relating to any debt securities issued as Original Issue Discount Securities will describe, if material or applicable, the special U.S. federal income tax consequences, accounting and other special considerations that you should consider before purchasing them.

Denominations, Interest, Registration and Transfer

We will issue each series of debt securities in fully registered form without coupons and/or in bearer form with or without coupons, as described in the applicable prospectus supplement. The Indenture provides that we may issue debt securities in global form. If any series of debt securities is issued in global form, the applicable prospectus supplement will describe the circumstances, if any, under which beneficial owners of interests in any of those global debt securities may exchange their interests for debt securities of that series and of like tenor and principal amount in any authorized form and denomination.

Unless the applicable prospectus supplement states otherwise, debt securities issued in fully registered form will be issued in denominations of \$1,000 and any integral multiple thereof and debt securities issued in bearer form will be issued in denominations of \$5,000 and any integral multiple thereof. Debt securities in global form may be issued in any denomination. (*Section 302*).

Unless the applicable prospectus supplement states otherwise, we will pay the principal of and any premium or interest on any series of debt securities in registered form at the corporate trust office of the trustee, currently located at 2 North LaSalle Street, Suite 700, Chicago, Illinois 60602. At our option, we may pay interest by check, wire transfer or any other means permitted under the terms of the debt securities. Unless the applicable prospectus supplement states otherwise, we will have the option to pay interest by check mailed to the person in whose name the debt securities are registered on the applicable record dates or by wire transfer of funds to that person at an account maintained within the United States. (*Sections 301, 307 and 1002*). Payments on global debt securities will be made to the depositary or its nominee in accordance with the then-existing arrangements between the paying agent(s) for the global debt securities and the depositary. See "—Global Securities."

You may present debt securities for exchange, and registered debt securities for transfer, in the manner, at the places and subject to the restrictions set forth in the Indenture and the applicable prospectus supplement. You may transfer debt securities in bearer form and the coupons, if any, by delivery. There will be no service charge for any transfer or exchange of debt securities, but we may require payment to cover any tax or other governmental charge related to the transfer or exchange. (*Section 305*).

We are not required and the trustee is not required:

- to issue or register the transfer or exchange of any debt security, or portion of a registered debt security, selected for redemption; or
- to issue or register the transfer or exchange of any debt security for a period of 15 days prior to the selection of debt securities to be redeemed; or
- to exchange any debt security issued in bearer form that has been selected for redemption, unless such debt security is being exchanged for a registered debt security of the same series and

of like tenor, provided that the registered debt security is simultaneously surrendered for redemption; or

- to issue or register the transfer or exchange of any debt security, in whole or in part, surrendered for repayment at the option of the holder. (*Section 305*).

Ranking

The debt securities will be our direct, unsecured and unsubordinated obligations and will rank equally with all our other unsecured and unsubordinated indebtedness from time to time outstanding, and the debt securities will be effectively subordinated to the claims of mortgage lenders holding our secured indebtedness, as to the specific property securing each lender's mortgage and to claims of creditors of our subsidiaries to the extent of the assets of those subsidiaries. Subject to specified limitations in the Indenture and as described below under "*—Covenants*," the Indenture permits us to incur additional secured and unsecured indebtedness.

Except as described below under "*—Covenants—Merger, Consolidation or Sale*," the Indenture does not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of the debt securities protection in the event of:

- a highly leveraged or similar transaction involving us or any of our affiliates;
- a change of control; or
- a reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders of the debt securities.

Restrictions on the ownership and transfer of the shares of common stock of Simon Property designed to preserve its status as a REIT, however, may act to prevent or hinder a change of control.

No Guarantee by Predecessor Operating Partnership

The Indenture indicates that a predecessor operating partnership subsidiary of Simon Property that had the same name as us would guarantee the payment of any securities issued under the Indenture. Effective December 31, 1997, this predecessor operating partnership was merged into us. As a result, we acquired all of the assets and partnership interests it previously owned and its obligations as guarantor under the Indenture were terminated.

Covenants

The following covenants will apply to the debt securities unless they are amended or supplemented in the supplemental indenture relating to a particular series of debt securities:

Merger, Consolidation or Sale. We may consolidate with, or sell, lease or convey all or substantially all of our assets to, or merge with or into, any other entity, provided that:

- either we will be the continuing entity or the successor entity will be an entity organized and existing under U.S. laws and the successor entity expressly assumes payment of the principal of, premium, if any, and any interest on all of the debt securities and the due and punctual performance and observance of all of the covenants and conditions contained in the Indenture;
- immediately after giving effect to the transaction and treating any indebtedness which becomes our obligation or the obligation of a Subsidiary as a result thereof as having been incurred by us or that Subsidiary at the time of the transaction, no Event of Default, and no event which, after notice or the lapse of time, or both, would become an Event of Default, will have occurred and be continuing; and

- an officer's certificate and legal opinion covering these conditions is delivered to the trustee. (*Section 801 and 803*).

Existence. Except as described under "*—Merger, Consolidation or Sale,*" above, we will do or cause to be done all things necessary to preserve and keep in full force and effect our existence, rights (by partnership agreement and statute) and franchises. However, we will not be required to preserve any right or franchise if we determine that its loss is not disadvantageous in any material respect to the holders of the debt securities. (*Section 1006*).

Maintenance of Properties. We will cause all of our material properties used or useful in the conduct of our business or the business of any Subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment. We will also cause to be made all necessary repairs, renewals, replacements, betterments and improvements on these properties. Our obligations with respect to the maintenance of these properties is subject to our reasonable judgment as to what may be necessary so that the business carried on in connection with these properties may be properly conducted at all times. We and our Subsidiaries will not be prevented from selling or otherwise disposing of any properties for value in the ordinary course of business. (*Section 1007*).

Insurance. We will, and will cause each of our Subsidiaries to, keep in force insurance policies on all our insurable properties. The insurance policies will be issued by financially sound and reputable companies protecting against loss or damage at least equal to the property's then full insurable value (subject to reasonable deductibles determined by us). (*Section 1008*).

Payment of Taxes and Other Claims. We will pay or discharge or cause to be paid or discharged, before the same become delinquent:

- all taxes, assessments and governmental charges levied or imposed upon us or any Subsidiary or upon our income, profits or property or upon any Subsidiary's income, profits or property; and
- all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon our property or the property of any Subsidiary;

excluding, however, any tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings. (*Section 1009*).

Provision of Financial Information. Whether or not we are subject to Section 13 or 15(d) of the Exchange Act, and to the extent permitted under the Exchange Act, we will file with the SEC the annual reports, quarterly reports and other documents required under Section 13 or 15(d) (the "Financial Information") on or prior to the respective dates (the "Required Filing Dates") by which we would have been required to file those documents if we were subject to Section 13 or 15(d). We also will in any event within 15 days of each Required Filing Date:

- transmit copies of the Financial Information by mail to all holders of debt securities (as their names and addresses appear in the security register) without cost to the holders, and
- file copies of the Financial Information with the trustee.

If we are not permitted to file these documents with the SEC under the Exchange Act, we will supply copies of the documents to any prospective holder promptly upon written request. (*Section 1010*).

Waiver; Additional Covenants. Compliance with the covenants described in this prospectus and with respect to the debt securities generally may not be waived by us, or by the trustee, unless the holders of at least a majority in principal amount of all outstanding debt securities consent to the waiver.

Any additional or different covenants with respect to any series of debt securities will be set forth in the applicable prospectus supplement.

Modification of the Indenture

Modifications and amendments of the Indenture may be made only with the consent of the holders of not less than a majority in principal amount of all outstanding debt securities (as defined in the Indenture) affected by the modification or amendment (voting as a single class); provided, however, that no such modification or amendment may, without the consent of the holder of each debt security affected thereby:

- change the stated maturity of the principal of, or premium, if any, on, or any installment of principal of or interest on, any debt security;
- reduce the principal amount of, or the rate or amount of interest on, or any premium payable on redemption of the debt security or reduce the amount of principal of an Original Issue Discount Security (as defined in the Indenture) that would be due and payable upon acceleration of maturity or that would be provable in bankruptcy, or adversely affect any right of repayment at the option of the holder of any debt securities;
- change the place of payment, or the coin or currency, for payment of principal or premium, if any, or interest on the debt securities;
- impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities on or after the stated maturity of any debt security;
- reduce the percentage in principal amount of outstanding debt securities the consent of whose holders is necessary to modify or amend the Indenture, for any waiver with respect to the debt securities, or to waive compliance with specified provisions of the Indenture or specified defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the Indenture; or
- modify any of the foregoing provisions or any of the provisions relating to the waiver of specified past defaults or specified covenants, except to increase the required percentage to effect the action or to provide that specified other provisions of the Indenture may not be modified or waived without the consent of the holder of each affected outstanding debt security. (*Section 902*).

The holders of not less than a majority in principal amount of a series of outstanding debt securities have the right to waive compliance by us with covenants relating to those debt securities in the Indenture. (*Section 1013*).

Modifications and amendments of the Indenture may be permitted to be made by us and the trustee without the consent of any holder of debt securities for any of the following purposes:

- to evidence the succession of another person to us as obligor under the Indenture;
- to add to our covenants for the benefit of the holders of any series of debt securities or to surrender any right or power conferred upon us in the Indenture;
- to add Events of Default for the benefit of the holders of any series of debt securities;
- to add or change any provisions of the Indenture to facilitate the issuance of, or to liberalize certain terms of, debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form, provided that the action shall not adversely affect the interests of the holders of debt securities of any series in any material respect;

- to change or eliminate any provisions of the Indenture, provided that any change or elimination shall become effective only when the outstanding debt securities are not entitled to the benefit of that provision;
- to secure the debt securities;
- to establish the form or terms of the debt securities of any series;
- to provide for the acceptance of appointment under the Indenture by a successor trustee or facilitate the administration of the trust under the Indenture by more than one trustee;
- to cure any ambiguity, defect or inconsistency in the Indenture, provided that the action is not inconsistent with the provisions of the Indenture and will not adversely affect the interests of holders of debt securities of any series in any material respect; or
- to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance and discharge of debt securities, provided that the action will not adversely affect the interests of the holders of the debt securities of any series in any material respect. (*Section 901*).

The Indenture provides that in determining whether the holders of the requisite principal amount of a series of outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of those debt securities, (1) the principal amount of an Original Issue Discount Security that shall be deemed to be Outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon acceleration of the maturity thereof, (2) the principal amount of a debt security denominated in a foreign currency that shall be deemed Outstanding shall be the U.S. dollar equivalent, determined on the issue date for that debt security, of the principal amount (or, in the case of an Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such debt security of the amount determined as provided in (1) above) of that debt security, (3) the principal amount of an Indexed Security that shall be deemed Outstanding shall be the principal face amount of such Indexed Security at original issuance, unless otherwise provided with respect to such Indexed Security pursuant to the Indenture, and (4) securities owned by the Operating Partnership or any other obligor upon the securities or any affiliate of the Operating Partnership or of such other obligor shall be disregarded. (*Section 101*).

The Indenture contains provisions of convening meetings of the holders of debt securities of a series issuable, in whole or in part, as bearer securities. (*Section 1501*). A meeting will be permitted to be called at any time by the trustee, and also, upon request, by the Operating Partnership or the holders of at least 10% in principal amount of the outstanding debt securities of such series, in any such case upon notice given as provided in the Indenture. (*Section 1502*). Except for any consent that must be given by the holder of each debt security affected by certain modifications and amendments of the Indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present will be permitted to be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series; provided, however, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage in principal amount of the outstanding debt securities of a series may be adopted at a meeting at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the Indenture will be binding on all holders of debt securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding debt securities of a series; provided,

however, that if any action is to be taken at such meeting with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which may be made, given or taken by the holders of not less than a specified percentage in principal amount of the outstanding debt securities of a series, then with respect to such action (and only such action) the persons holding or representing such specified percentage in principal amount of the outstanding debt securities of such series will constitute a quorum. (*Section 1504*).

Notwithstanding the foregoing provisions, the Indenture provides that if any action is to be taken at a meeting of holders of debt securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that the Indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all outstanding debt securities affected thereby, or the holders of that series and any other series:

- there will be no minimum quorum requirement for the meeting; and
- the principal amount of the outstanding debt securities of the series that votes in favor of the request, demand, authorization, direction, notice, consent, waiver or other action will be taken into account in determining whether the request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the Indenture.

(*Section 1504*).

Events of Default, Notice and Waiver

Unless amended, modified or supplemented in the supplemental indenture relating to a particular series of debt securities, the term "Event of Default," when used in this prospectus and the Indenture means any one of the following events:

- (1) default in the payment of any interest upon the debt securities when the interest becomes due and payable, and continuance of the default for a period of 30 days;
- (2) default in the payment of the principal of, or premium, if any, on, any debt security when it becomes due and payable at its Maturity Date or by declaration of acceleration, notice of redemption or otherwise;
- (3) default in making a required sinking fund payment, if any;
- (4) default in the performance of any of our covenants in the Indenture (other than a covenant added to the Indenture solely for the benefit of a series of debt securities issued under the Indenture) and continuance of the default for a period of 60 days after there has been given, by registered or certified mail, to us by the trustee, or to us and the trustee by the holders of at least 25% in principal amount of the debt securities, a written notice specifying the default and requiring it to be remedied and stating that the notice is a "Notice of Default" under the Indenture;
- (5) a default in the payment of an aggregate principal amount exceeding \$30 million of any of our recourse indebtedness (however evidenced) after the expiration of any applicable grace period with respect thereto and the default has resulted in the indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, but only if that indebtedness is not discharged, or the acceleration rescinded or annulled within a period of 10 days after there has been given, by registered or certified mail, to us by the trustee, or to us and the trustee by the holders of at least 10% in principal amount of the outstanding debt securities, a written notice specifying the default and requiring us to cause the indebtedness to be discharged or cause the acceleration to be rescinded or annulled and stating that the notice is a "Notice of Default" under the Indenture;

- (6) specific events of bankruptcy, insolvency or reorganization affecting us or certain Subsidiaries or any of their respective properties; or
- (7) any other Event of Default provided with respect to a particular series of debt securities issued under the Indenture. (*Section 501*).

If an Event of Default under the Indenture with respect to the debt securities at the time outstanding occurs and is continuing, then in every such case the trustee or the holders of not less than 25% of the principal amount of the outstanding debt securities may declare the principal amount and premium or Make-Whole Amount, if any, and accrued interest on all the debt securities to be due and payable immediately by written notice thereof to us, and to the trustee if given by the holders; provided, that in the case of an Event of Default described in clause (6) above, acceleration is automatic. However, at any time after a declaration of acceleration with respect to the debt securities has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of not less than a majority in principal amount of the outstanding debt securities may, by written notice to us and the trustee, rescind and annul the declaration and its consequences if:

- we have deposited with the trustee all required payments of the principal of, and premium or Make-Whole Amount, if any, and interest on the debt securities, plus specified fees, expenses, disbursement and advances of the trustee; and
- all Events of Default with respect to the debt securities, other than the non-payment of principal of, or Make-Whole Amount, if any, or interest on the debt securities which has become due solely by the declaration of acceleration, have been cured or waived as provided in the Indenture.

(*Section 502*).

The holders of not less than a majority in principal amount of the debt securities of any series may waive any past default with respect to such series and its consequences, except a default:

- in the payment of the principal of, or premium, if any, or interest payable on any debt security of that series; or
- in respect of a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the holder of each debt security of the affected series.

(*Section 513*).

The trustee will be required to give notice to the holders of the debt securities within 90 days of the occurrence of a default under the Indenture unless the default has been cured or waived; provided, however, that the trustee may withhold notice to the holders of the debt securities of any default, except a default in the payment of the principal of, or premium or Make-Whole Amount, if any, or interest on the debt securities, if and so long as specified responsible officers of the trustee determine in good faith that the withholding of the notice is in the interest of the holders. (*Section 601*).

The Indenture provides that no holder of debt securities may institute any proceedings, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, except in the case of failure of the trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the holders of not less than 25% in principal amount of the outstanding debt securities, as well as an offer of indemnity reasonably satisfactory to it. This provision will not prevent, however, any holder of debt securities from instituting suit for the payment of the principal of, and premium or Make-Whole Amount, if any, and interest on the debt securities on the due date thereof. (*Sections 507 and 508*).

Subject to provisions in the Indenture relating to its duties in case of default, the trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any holders of debt securities then outstanding under the Indenture, unless the holders have offered to the trustee reasonable security or indemnity. (Section 602). The holders of not less than a majority in principal amount of the outstanding debt securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred upon the trustee. However, the trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve the trustee in personal liability or which may be unduly prejudicial to the holders of debt securities not joining therein and the trustee may take any other action it deems proper and not inconsistent with the direction given. (Section 512).

Within 120 days after the close of each fiscal year, we will be required to deliver to the trustee a certificate, signed by one of several of our specified officers, stating whether or not the officer has knowledge of any default under the Indenture and, if so, specifying each default and the nature and status thereof. (Section 1011).

Discharge, Defeasance and Covenant Defeasance

We are permitted under the Indenture to discharge specific obligations to the holders of the debt securities that have not already been delivered to the trustee for cancellation by irrevocably depositing with the trustee, in trust, funds in the currency in which the debt securities are payable in an amount sufficient to pay the entire indebtedness on the debt securities in respect of principal, and premium or Make-Whole Amount, if any, and interest to the date of the deposit, if the debt securities have become due and payable, or to the stated Maturity Date or redemption date, as the case may be. (Section 401).

The Indenture also provides that we may elect either:

- to defease and be discharged from any and all obligations with respect to the debt securities other than the obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of the debt securities and to hold moneys for payment in trust ("defeasance"); or
- to be released from our obligations with respect to the debt securities and any other covenant, and any omission to comply with these obligations shall not constitute an Event of Default with respect to the debt securities ("covenant defeasance");

in either case upon the irrevocable deposit by us with the trustee, in trust, of an amount, in the currency in which the debt securities are payable at stated maturity, or Government Obligations, or both, applicable to the debt securities which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient without reinvestment to pay the principal of, and premium or Make-Whole Amount, if any, and interest on the debt securities on the scheduled due dates therefor. (Sections 1402 and 1404). If either of these options are available to us with respect to a specific series of debt securities, we will indicate it in the prospectus supplement relating to that series of debt securities. Unless the prospectus supplement relating to that series of debt securities provides otherwise, the terms of the defeasance option and the covenant defeasance option will be as described in this section.

A trust may only be established if, among other things, we have delivered to the trustee an opinion of counsel, as specified in the Indenture, to the effect that the holders of the debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and the opinion of counsel, in the case of defeasance, will be required to refer to

and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the Indenture. (Section 1404).

"Government Obligations" means securities that are:

- direct obligations of the United States of America for the payment of which its full faith and credit is pledged; or
- obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America;

which, in either case, are not callable or redeemable at the option of the issuer thereof, and will also include a depositary receipt issued by a bank or trust company as custodian with respect to any Government Obligation or a specific payment of interest on or principal of any Government Obligation held by the custodian for the account of the holder of a depositary receipt, provided that, except as required by law, the custodian is not authorized to make any deduction from the amount payable to the holder of the depositary receipt from any amount received by the custodian in respect of the Government Obligation or the specific payment of interest on or principal of the Government Obligation evidenced by the depositary receipt.

Unless otherwise provided in the applicable prospectus supplement, if after we have deposited funds or Government Obligations to effect defeasance or covenant defeasance with respect to any series of debt securities:

- the holder of a debt security of such series is entitled to, and does, elect pursuant to the Indenture or the terms of that debt security to receive payment in a currency, currency unit or composite currency other than that in which such deposit has been made in respect of such debt security, or
- a Conversion Event (as defined below) occurs in respect of the currency, currency unit or composite currency in which such deposit has been made, the indebtedness represented by that debt security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of (and premium, if any) and interest on that debt security as they become due out of the proceeds yielded by converting the amount so deposited in respect of that debt security into a currency, currency unit or composite currency in which that debt security becomes payable as a result of such election or such Conversion Event based upon the applicable market exchange rate.

(Section 1405).

"Conversion Event" means the cessation of use of (a) a currency, currency unit or composite currency both by the government of the country which issued such currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community, (b) the ECU both within the European Monetary System and for the settlement of transactions by public institutions of or within the European Community or (c) any currency unit (or composite currency) other than the ECU for the purposes for which it was established. All payments of principal of (and premium, if any) and interest on any debt security that is payable in a foreign currency that ceases to be used by its government of issuance shall be made in U.S. dollars.

If we effect covenant defeasance with respect to any debt securities and these debt securities are declared due and payable because of the occurrence of any Event of Default other than the Event of Default described in clause (4) under "—Events of Default, Notice and Waiver" with respect to Sections 1006 to 1010, inclusive, of the Indenture, which sections would no longer be applicable to the debt securities as a result of the covenant defeasance, or described in clause (7) under "—Events of

Default, Notice and Waiver" with respect to any other covenant as to which there has been covenant defeasance, the amount in the currency in which the debt securities are payable, and Government Obligations on deposit with the trustee, will be sufficient to pay amounts due on the debt securities at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities at the time of the acceleration resulting from the Default. We would remain liable, however, to make payment of the amounts due at the time of acceleration.

The applicable prospectus supplement may describe further the provisions, if any, permitting defeasance or covenant defeasance, including any modifications to the provisions described above with respect to the debt securities of a particular series.

Concerning the Trustee

The Indenture provides that there may be more than one trustee with respect to one or more series of debt securities. Any trustee under the Indenture may resign or be removed with respect to one or more series of debt securities, and a successor trustee may be appointed to act with respect to that series. (*Section 608*). If two or more persons are acting as trustee with respect to different series of debt securities, each trustee will administer separate trusts under the Indenture, and, except as otherwise indicated by the Indenture, any action to be taken by a trustee with respect to one or more series of debt securities may be taken only by the trustee for that series. (*Section 609*).

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to such series. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a series of global securities will be described in the applicable prospectus supplement relating to that series.

Governing Law

The Indenture is governed by, and construed in accordance with, the laws of the State of New York, and once issued the debt securities will be as well.

LEGAL MATTERS

Unless otherwise specified in a prospectus supplement, the validity of each issue of the debt securities offered will be passed upon for us by Sidley Austin LLP, New York, New York.
